

Testing NDIS Improvements Open House Sessions

The NDIA would like to invite current and prospective participants, their families and carers and service providers, to attend these face-to-face information sessions being held in Hobart, Launceston and Devonport.

We're improving how we deliver the NDIS so that people who use it are better supported every step of the way.

The Open House sessions will focus on the participant journey in the new system. We will cover topics such as:

- Making connections within your community and applying for the NDIS
- Creating and using your plan
- Check-ins and updating your plan
- Early connections for children under 7
- Participant endorsed providers
- The updated APP and Participant and Provider portals (including a live demonstration)
